

University Parking

Authors: Gaming Cocks

Problem Statement:

Students and faculty both struggle with finding parking on and around campus. Sometimes students even miss class because they couldn't find parking in time. Our solution should make it much quicker and easier to find available parking.

Who is experiencing the problem?

Students and faculty of the University of South Carolina

What is the problem?

Students and faculty find it hard to find available parking.

Where does this problem present itself?

The University of South Carolina

Why does it matter?

Members of the Gamecock community need an easier way to quickly find available parking spots on and around campus.
